Dear Editor

Can someone please explain to me why a footpath was not laid *all* the way around the perimeter road of Bar Hill when they were doing it? Why, say, does Hillcrest to Watermead warrant a section of footpath and Fieldview to Stonefield doesn't?.

I walk my dog around the perimeter road each day – too many run-in's with idiots with badly behaved dogs off leads if I use the Drift – and you have the option of walking on the grass or walking on the side of the road risking it with passing cars (some going well over the permitted 40 mph). It's not too bad in the summer but during winter months when the grass becomes wet and boggy, and it's dark, it's awful.

So many people use the perimeter road for walking (including young mothers with prams or pushchairs having to walk in the road) so it seems ridiculous to me that a big busy village like ours doesn't have a full footpath around it while there's a full footpath through from Oakington to Histon which isn't used by half as many people.

Miss Jennifer C

When Bar Hill was built 40 years ago the developers designed it so that residents could walk or cycle within the village without the need to become involved with roads. I should not think for a minute that they thought that 40 years later there would be people walking their dogs or jogging who wanted to walk/jog around the village instead of within it.

When the Parish Council received money from Tesco for the sale of 2 small pieces of land, they asked the residents how they wanted the Council to spend the money. A refurbished village hall was top of the list and footpaths came quite close to the top. The Parish Council obtained estimates – the County Council would not fund any footpaths around the village – and the cost for footpaths all the way around the village (8 years ago) was in the region of £250,000. This would have eaten quite a large hole in the money the Council received and would have meant that we could only have done the footpaths and the village hall, but residents had several other priorities – 10 in all.

The Parish Council decided to compromise and put footpaths to letter boxes and bus stops – at a cost of just over £100,000. This is the reason why some areas have footpaths and others don't. At the moment the Parish Council has no plans to have any more footpaths because of the cost.

The footpath from Oakington to Histon which you mention was put in with experimental lighting (as I understand it) so that people could cycle along it.

Margaret Sellars

Chairman Parish Council

Dear Editor

As a resident of the village and a frequent user of the village perimeter road on a daily basis, I have a request to the people who use the road in the mornings/evenings during winter months for dogwalking/jogging. "PLEASE MAKE YOURSELF VISIBLE" by wearing highly reflective clothing and moreover MOVE AWAY from the oncoming traffic path.

It is very difficult to spot these people and to go past them safely when there is traffic from the opposite side. I hope other drivers have felt the same too.

A Pallan

Dear Editor

Now that there is a vacancy for a Parish Councillor, may I, as an ex-member of some 16 years, invite both Rod Bishop and Brian Webb to apply for the position. I feel sure that their own perceived interactive management skills, knowledge and expertise would bring challenging new ideas to the benefit of all residents.

Michael Boughton-Fox

Dear Editor

I could not agree more with Mr Webb when he says we should stick to facts when it comes to the problem of HGV's in and around the village. If he were to take his own advice he would find the Parish Council is doing exactly what he suggests and is taking what action it can and will, I'm sure, continue to do so to try and resolve the problem for the whole village.

Different areas of the village need different solutions to address the problem, hence the double yellow lines idea for the Gladeside/Robin Close area and, as Margaret Sellars has pointed out, "pinch points" and/or zonal area ideas are under consideration to try and deal with the problems in other areas of the village. For Mr Webb's information, "pinch points" and/or zonal area ideas were under discussion BEFORE the double yellow lines idea was considered, which makes nonsense of his implication that the Gladeside/Robin Close area appears to be receiving preferential treatment.

I am at a loss to know what he expects the Parish Council to do with his communications and photos other than note and file them for reference to support representations to the relevant authorities. They haven't been filed in the wastepaper basket and forgotten as he seems to be implying.

As for his complaint that the minutes of the 18 September meeting of the Parish Council had not been published by early October it shows his lack of knowledge of basic meeting procedure. Before any minutes can be released for public scrutiny they have to be approved as a true and correct record by the full Parish Council. In this case the September minutes were approved at the meeting of 16 October.

If Mr Webb is really sincere in wanting everyone to pull together to try and resolve the HGV problem in the village he should act upon Margaret Sellars' suggestion and come along to one of the Parish Council's monthly meeting to discuss the issue face to face rather than hiding behind illinformed and misleading letters to the Bar Hill News.

Dear Editor

I should like to thank Rod Bishop for his kind comments regarding my litter-picking on the perimeter road. Yes, it is voluntary and yes, I do sometimes run out of daylight.

I tend to patrol the section of road that I see on my way to work but I am not the only one who picks up litter voluntarily. I have met a number of others on my travels. I'm sure they would agree that we are very fortunate in Bar Hill to enjoy so much attractive green space – both grassland and woodland. In cherishing it we are able to give something back.

For those who complain habitually, why not join us – time permitting? It works wonders for the health of both body and mind!

Report by County Councillor John Reynolds

CAMBRIDGESHIRE GUIDED BUSWAY

Very good progress is being made on the laying of the guideway. Culvert construction between Swavesey and St Ives continues. Widening of Milton Road has been completed and traffic has been switched over to allow work on the new parapet required to protect the underpass. Longstanton junction is complete. Junction work at the A1096 in St Ives will start in very soon. The junction has been simplified so that most of the work will be off line. A road closure will not be required. The River Great Ouse Bridge at St Ives is now structurally complete and is just waiting for its waterproofing. The bus companies have now placed their vehicle orders and confirmed their planned services. Local bus operators have ordered single and double decker buses. These vehicles are to a very high specification, which includes fuelling by bio-diesel made from food waste. They will have engines that meet the Euro 5 emission standard and will thus be cleaner than any bus currently operating in the County.

MINERALS AND WASTE PLAN

The consultation has now concluded. Locally these two issues raised the most interest; Recycling centre for South Cambs (44) and Support for the Preferred Option position on proposals at Milton (30)

BAR HILL COLTS F.C

Wahey it's nearly **CHRISTMAS!** This means all the teams are reaching the half way point of their season and playing their final games of 2008

OUT AND ABOUT!

Our Under 13 boys were invited to watch Cambridge City and the whole team decided on the man of the match. Mark Smith receives his Man of the Match award from Bar Hill Under 13's

The following day, the Rangers were involved in a game of two halves against Littleport. **Dan Paine** opened the scoring with a headed goal, and following some excellent passing, **Dan Virgo** found the back of the net. Again after some good one touch passing, **Matt Child's** broke through the defence scoring on both to make it 4 – 0 at half time. The Rangers had to work extremely hard in the second half to retain their lead. Fantastic work from **Dan Swanser, Ashley Skelton** and **Chris Graham** at the back earned Bar Hill a 4-2 victory. **Luke Thomas's** confident defending earned him Man of the Match.

NAIL BITER FOR RAVENS

Gamlingay 3 - 4 Bar Hill Ravens

Three goals in the last seven and a half minute period against Gamlingay, saw the Under 8's good run continue with a 4-3 win, making it four wins out of five. Since losing their first game against a well-organised Caldecote team, the Ravens have come back with wins against Cambourne, Hardwick and Foxton. However, it looked like some complacency had set in and the Ravens found themselves a goal down after the first 15 minutes. A goal from **Harry Sargent** levelled the scores, but even an outstanding performance in defence from **Erin Fox** couldn't stop Bar Hill from going 3-1 down with the final seven and a half minute period left. The Ravens came out a different team for the last period and seemed to step up a couple of gears that proved too much for the Gamlingay defenders to handle. **Harry Sargent** scored two more to complete his hat trick and then **Jon Leggett** rounded off a good personal performance by scoring the winner.

EAGLES FLYING HIGH

Bar Hill Eagles 10 – 1 Over Sports

Bar Hill Colts notched up their best win of the season thanks to an inspirational team performance. **James Bacon** dominated mid field breaking through and hitting 7 goals with **Joe Leland** picking up 2 strikes and a well executed finish saw **Jamie Bladen** hit the net as well.

Phillipa Hayden-Evans, Teegan Hayden-Smith and **Harry Cook** were all solid in defence **Toby Purton** in mid field, and **Jacob Sloane** who stood in at the last hour to keep goal making some great saves in the final quarter of the match.

UNDER 17s REACH SEMI FINAL

Bar Hill had already seen off local rivals Cottenham (10-0) to set up a quarter final tie away at one of the top A-League sides, **Spartak 78.**

But it was soon clear that Bar Hill had more than bridged the gap between the two divisions as they commanded the game from the onset with some excellent free-flowing football.

Despite the heavy conditions, the ball was always on the move, being worked throughout the team from back to front, and side to side, setting up a string of half chances.

But the Spartak defence stood resolute until the 38th minute, when a superbly taken corner from **Jake Crick,** allowed **Liam Croft** to nod home at the far post.

Five minutes later, after **Josh White** had made another surging run down the left, the ball fell to **Ben Yeomans** just inside the box and he promptly poked it home to put Bar Hill 2-0 ahead.

However a minute later, Spartak mounted a brief rally with a long ball, to make it 2-1, just two minutes from the interval. Bar Hill once again came out strongest in the second half, creating a series of opportunities, before **Liam Croft** headed home his second from another **Jake Crick** corner with 15 minutes to go.

Final Score Spartak 1 – 3 Bar Hill

UNDER 11s INTO NEXT ROUND

Goals from **Kieran Naylor** and **Adam Cheesley** ensured a draw with St Ives Rangers. However, Bar Hill made it through to the next round with an exciting 7-6 victory on penalties. **Taylor Sparkes** received man of the match with good goalkeeping and saving 4 penalties.

ADULTS FOOTBALL CLUB

After a bit of a stuttering start, all three of our teams are now getting back on track, and performing well. On the entertainments front we have two great nights out planned. The first is the annual Christmas get together, when we are planning a **CURRY NIGHT** at SPICELAND. Tickets are **£30.00** per person, but this includes travel, food and drink.

And on **31 January** we are all going off for a night of **GREYHOUND RACING**. Tickets for this are only **£25.00**, which includes food, entry, coach, a couple of drinks. Both events have limited places, so BOOK NOW with your manager to be sure you don't miss out!!

Our thanks to **Richard Page**, who has very kindly organised and set up our very own website. For adults teams go to www.barhill-football.org.uk

FINALLY

Congratulations to both Raiders boys – **Olly Eden** and **Tommy Dalton** - upon their selection for the Under 12 Representative Colts team for the season

Cardboard – take large boxes to your local household waste recycling centre. Flattened boxes can be put into your green bin.

Christmas cards – WH Smith, Tesco, TK Maxx and Marks and Spencer will take your cards, giving a donation to The Woodland Trust, or you can put them in your green bin.

Christmas trees – real trees can be added to your green bin as long as they are cut up and the lid still closes. You can also take trees to your local household waste recycling centre for composting.

Wrapping paper – try to buy recyclable paper or reuse it. Thicker, better quality paper can be recycled, but thinner paper can't. If in doubt please dispose of it in your black bin.

HAPPY CHRISTMAS
PARTY FUNDED BY FRIENDS OF BAR HILL LIBRARY

From Diana and John Reynolds
Goodbye from trainee Guide Dog Lacey

I expect you have seen Grandma and Granddad out without me lately looking rather lonely. That is because I have gone to guide dog college in London. My trainer is very nice: she is called Emma. She trained Farley, one of grandma's earlier dogs: he is working in London so I hope I do as well as he did. Before I went away grandma took me to stay with auntie Debbie and her little toy poodle Bridie who is my very best friend. We went out to some lovely places and chased each other till we were exhausted. I still cannot understand why Bridie can run out through the cat flap, because only my head goes through, so I had to shout to Grandma to open the door for me.

The day before I went away was a bit strange. I thought Grandma was a bit sad but we did all our favourite things together so we had a lovely day. In the evening I had a snooze on the pretty rug grandma had made, when I woke up I decided to see if it was tasty. The next thing I knew I had made a huge hole right in the middle of it. When grandma saw it she said "Oh dear what have you done?" Then she gave me a big cuddle and I licked her to say sorry. I had a lovely time in Bar Hill and miss all my friends but it is very nice in London and I get to play with lots of other trainee guide dogs. We do have to work hard to learn our new job but our trainers make it fun and if we do really well we get a special treat and a big fuss which is lovely.

Hello to our expected new puppy, which, all being well, will arrive on 10th December. The puppy is a little golden retriever bitch called Darcy. We can't wait to meet her and introduce her to everyone.

MALICIOUS PHONE CALLS

Step 1: Answering the phone
When answering the phone, it isn't necessary to give out your name, a simple 'Hello' will do. This leaves it up to the caller to introduce themselves.
In any telephone conversation, don't give out personal details unless you are absolutely sure of the person you are speaking to. And avoid answering any personal questions about yourself unless you are well acquainted.

Step 2: Don't respond
If you receive a malicious or abusive call don't respond. Any type of strong reaction is what the caller is after. Instead, leave the phone unattended for a short while, then simply hang up.

Step 3: Keep records
If the calls persist make a record of when they occur to see if there is a pattern. It will also be useful when reporting the offence. Try the Call Return function on your telephone to trace the abusive calls. This can be done by dialling 1471. But it is likely that the caller has blocked their number to prevent identification.

Step 4: Inform the authorities
Report any suspicious calls to your telephone service provider - they will have a policy for dealing with it. They may even be able to identify the number and bar it. If the calls are persistently abusive, or if your service provider recommends it, notify the police. Abusive and malicious calls are a criminal offence and will be treated as such.

Step 5: Prevention measures
Don't leave your name and number on your answering message. The caller should know who you are and will leave their details for you to return the call. And never give the impression you are away from your home for a long time, just that you are unavailable at the moment is a far safer option.

You can contact your neighbourhood policing team on 0845 456 456 4. We welcome your feedback and we will aim to get back to you as soon as possible. Please be aware that responses may take longer at times of high demand.

Clear blue skies – Graham Nash

Clear blue skies, not too much to ask for;
They were here before we came,
Will they be here when we've gone?

Clean water, not too much to hope for;
It's the basis of our lives,
And without it we are done.

Well, we can keep our eyes upon the skies,
And see how the time goes by;
Or we can find our fears among the tears
That will fall when the meadow cries.

Clear ideas, much too much to think of;
We need all the help we can get …
… Will it be here when we're gone?

Any dead animals or anything else of interest, phone….

Hi Everyone

scouts be prepared

This is your Friendly Scout Leaders

This is a call for New Budding Beavers - Cubs – Scouts (and yes, we do take girls) and they are guaranteed fun, work but in a fun way, to get wet on demand and not wash when at camps. Learn to cook (or burn the food), tie knots, climb walls and have fun in water (this does not mean wash). Or to put it another way tie the leaders in knots, make them climb the walls, and make fires to boil them. (And the small people say they like us!)

We have an open evening on the 12th December where we will be investing some of the Leaders and some of the Beavers Cubs and Scouts.

!We hope you can come!

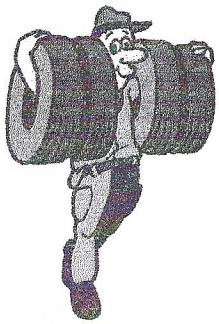
COUNTY COUNCIL NEVER TIRES OF RECYCLING!



Used car tyres are being given a new lease of life as the Cambridgeshire Guided Busway adds to its green credentials. To provide the Guideway with good drainage shredded tyres are being used to fill 40,000 cubic metres of space between the tracks. A mixture of soil, seed and ballast will then be added to help the grass grow. Approximately 45 used tyres are needed per cubic metre for drainage - in total around 1.8 million tyres will be recycled and used for the construction of the Guided Busway. European laws mean that standard tyres - which do not decompose - cannot be left in landfill sites and now have to be recycled.
This news comes shortly after Stagecoach's announcement that their new fleet of buses for the Guideway will run on 100% biofuel from sustainable recycled food waste.

Bar Hill Memorial Garden
Some residents may be aware from past correspondence that Bar Hill Church and the Parish Council are trying to establish a Memorial Garden between the Octagon site and the Parish Council Office. This is still in the development stage although meetings have already taken place to get the project off the ground.
It has been suggested that the design should be done by members of the PTA at the Primary School and Rev Ruth Adams will be contacting the school in the near future to see if this could be done.
What we do need however, are **volunteers to join a Working Party, to get this project started** by the spring of next year. The ground works will be organised by the Parish Council, as we already have contractors on our books that are experienced in this field and I will be sending out for estimates in the next few days. We have also had interest shown from Happy Hours who will be happy to do a little "garden maintenance" once the garden has been established.
We need ideas people. Do you fit the bill? Please contact me at the Parish Council Office (01954 780456 or email bhillpc-1@btconnect.com) if you would like to join our little group.

For all you regular walkers out there
The County Council has produced a Countryside Access Map entitled "Walks and Rides around the Northstowe Hundred". A very interesting history of the local countryside and lots of pleasant walks and bike rides for you enthusiasts. If you would like a map please call in to the office as I have been given a substantial supply.

Police Surgery
The surgery for December will not be taking place due to holidays. These will resume in January 2009.

Parish Council Meetings
The next monthly Parish Council meeting will be on Thursday 18th December at 7 pm in the Parish Council Office and all members of the public are welcome to attend. May I take this opportunity of wishing all our residents a very Merry Christmas and a Happy New Year.

Bar Hill THE PLAYSTATION Out of School Club

SPARC Building, Gladeside
Tel: 07883 739368 during Club hours

We are situated in a purpose built building next to the School, with direct access from the playground. We provide Childcare for children aged 4-11 in a safe and caring home-from-home environment, with trained and experienced staff.
Our sessions provide the children with a wide range of activities from pool to computer games, dressing up to craft, and lots more or, if they wish, they can chill out on our comfy sofas. We can also use the safe environment of the school playground for outdoor activities.
During the holidays we have themed activities, which the children are involved in choosing, as they are with many other issues, such as outings etc – as it is their Club, they even chose its name. The children are given a snack, such as pasta or filled pittas, followed by a biscuit and fresh fruit. We also make birthday cakes to celebrate each child's birthday, which are shared.
We are registered with OFSTED, and we accept employers' childcare vouchers.

Session Times
After School 3.10 pm – 6 pm Monday – Friday
School Holidays 8.15 am – 6 pm Monday – Friday

My love for dogs.

'My love for dogs' offers home boarding for your canine friend. I am a dog lover, smitten with them and my home is totally dog friendly. I am delighted to open up our home so that whilst you are on holiday, your dog has a holiday in the comfort of our home, with a totally secure garden.

I am fully insured, police checked and have grown up with dogs all my life. Holly, our beautiful golden Labrador puppy, now 9 months old, loves to play with new friends.

Rest assured that your dog will have at least two long walks a day either at the heath nearby to our home, or in the fields surrounding our village. We also utilise on a daily basis on local village recreation ground and play ball games there.

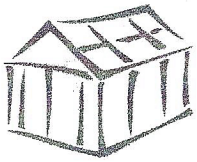
Bar Hill School

We are now aiming for our SILVER Eco award!

After successfully gaining our Bronze award at the end of last year, we have decided to work towards the Silver award. This will involve the children learning about ways they can help the school and their parents become more environmentally friendly. This should be fun and informative. Year 6 have already begun to think about becoming more aware of the amount of water they use following a visit from the Anglian Water Bus. Captain Splash told us to drink plenty of water but not waste it either!



Help still needed to run the garden!

Following the success of the school garden this summer, we aim to grow more next year. If you have room in your greenhouse to plant seeds and grow them on to seedlings then please let us know.

Year 6 have been learning to learn!

On Monday 10th November, Year 6 were involved in a conference at school. They thought about how their brains worked, what sort of learners they are and were given tips for revision and homework. It was hard work but fun – especially sharing a buffet lunch together.

A special invitation to the Christmas Café!

Wednesday **17th December**, 3.30 pm – 5 pm

Come and enjoy mince pies, cakes and other Christmas treats at our festive Café run by the Citizens.

WARNING FROM POLICE

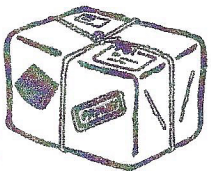
BEWARE OF PAPER ON THE BACK WINDOW OF YOUR VEHICLE--NEW WAY TO DO CAR JACKINGS (NOT A JOKE)

You walk across the car parking, unlock your car and get inside. You start the engine and shift into Reverse. When you look into the rear view mirror to back out of your parking space, you notice a piece of paper stuck to the middle of the rear window. So, you shift into neutral, unlock your doors, and jump out of your car to remove that paper (or whatever it is) that is obstructing your view. When you reach the back of your car that is when the carjackers appear out of nowhere, jump into your car and take off. They practically mow you down as they speed off in your car.

And guess what, ladies? I'll bet your purse is still in the car. So now the carjacker has your car, your home address, your money, and your keys. Your home and your whole identity are now compromised!

BEWARE OF THIS NEW SCAM THAT IS NOW BEING USED

Please be aware of this scam



A card is posted through your door from a company called PDS (Parcel Delivery Service) suggesting that they were unable to deliver a parcel and that you need to contact them on 0906 6611911 (a premium rate number). Happy Hours
The Recycled Youth Club

As we approach December may I wish all of our readers a very Merry Christmas and a Happy New Year. May all your troubles be few.

We are in for a very busy time at the Club with our annual Birthday Party being held on Monday 17 November followed by our annual Christmas Lunch at the Menzies Hotel on Monday 11 December.

Speakers At the end of October we had a visit from Frazer Rogers, a member of the management team at Addenbrooke's Hospital, who spoke to us about the beginnings and future of the hospital. It was named after Dr Addenbrookes, a local man who died in 1719 leaving £4,000 (a fortune in those days) to open a hospital for the community. Eventually a suitable, large house was found in Trumpington Street and was opened as the first hospital in 1766. This was expanded in 1820 to treat more patients and in 1865 the hospital was rebuilt with an open-air ward. At the beginning of the first World War a side building was opened as an outpatients' department. During the second World War the number of patients doubled between 1939 and 1945. In 1951 a new 90-acre area formed the site of the present hospital, which was opened in 1960 by Her Majesty the Queen, accompanied by the Rt Hon Enoch Powell the then Health Minister. In 1984 the old Addenbrooke's Hospital was closed and it is now part of a large block of offices. The present hospital includes many university and associated buildings and has a total staff of some 7,000. More ground has since been acquired and will be taken over by the Papworth Hospital which will have completed its move by 2012. A helicopter pad is being prepared and will open shortly. It was an excellent talk with slides depicting the changes that have been made over the years.

Outings On Wednesday 29 October we had a trip around the Fens, accompanied by Mark Petty who gave an excellent talk and pointed out the many buildings, rivers and acres of good arable land which at one time were marsh and under water, and which now form what is known as the Fens. In fine sunny weather we visited many villages and what during the war were airfields. It was explained why the cathedral city of Ely was known as the Isle of Ely, and that many of the small towns were also known as isles, being surrounded by water or marshy ground. Halfway through the morning we called at St Peter's Church in the small village of Wentworth, where we had coffee and biscuits. Then on to the small RAF Museum at Witchford for a quick look around. Many different styles of architecture were pointed out, also different types of brick. We even passed a brick museum. We were told how the fens were drained, of the windmills used to raise water to different levels, and even saw two places where one river passed over another river, both at different levels. Many large manor houses were pointed out and even the ruins of Cromwell's fortifications to defend Ely at the time of the Civil War. At lunchtime we called at the Five Bells pub at Upwell just south of Wisbech for a good lunch. During the afternoon we travelled on to Denver and saw where the Old Bedford River (man made) hundred-foot drain joined the Great Ouse River. During the whole of the trip Mark Petty was pointing out and explaining so many things of interest which normally we would pass by without a second glance.

Competitions At the AGM on Monday 3 November Phyllis James presented plaques to the following winners of this year's competitions: Men's Darts – Fred Styles, Ladies' Darts – Iris Cakebread, Table Tennis – Fred Taylor, Cribbage – George Alderson, Dominoes – Iris Cakebread, Rummikub – Olive Taylor, and Scrabble – Elsie Fisher.

Obituary It is with great sadness that I have to report the death of Mirrian Sanders, after a long illness. Her funeral was held on Friday 14 November at Stevenage.

Sickness I am sorry to have to report that Ernie Arnold has returned home from hospital but is quite ill. He is not likely to be able to attend the Christmas Lunch. We all send Ernie and his wife Beryl our best wishes.

Raja Iyer

The Residents' Association regrets to report that Raja passed away suddenly on Saturday morning, 15 November. He had been a member of the Association for many years and played a very active role in the life of the village, being Treasurer of the Association at the time of his death. Our thoughts are with his family at this sad time.
